MISDIRECTED IGNORANCE.

The man who has an ingrowing intuition that the world owes him a living, and a knock-kneed notion that it ought to come across the street and hand it to him, and a pigeon-toed theory that he is one of Shakespeare's "born-greats," and a freckle-faced philosophy that he is smart, and a cross-eyed impression that everybody is looking at him, has a virulent case of misdirected ignorance and a prenatal proclivity to laziness. A vivisectional operation is strongly recommended.—War Cry.

LOCKHART JUNCTION

Lockhart Junction, Dec. 6.—This is the close of a beautiful autumn month. I have never seen any more beautiful time for this time of the year. I think the greatest beauty is God-beauty. The works of Nature—we see it in the sunshine and hear it in the breezes. We see his works everywhere we look and he made man after his own image and all things are placed under his feet. He is ruler over the birds of the air and the beasts of the field are under his care. Are we, as a people, realizing the great responsibility of this life resting upon us. Have we stopped to think? Are we helping to keep the sunshine in our souls?

I spoke of public spirit and patriotism in my last letter. I feel that we need more men that will show their public spirit in them. You show me a man of public spirit and I will show you a man of some Christian spirit in him as well.

A friend of mine and I were travelling in Cherokee county last week and as we were travelling we came to the historical spot where Horseshoe Roberson was one time in camp with his soldiers. We got out of the buggy and went across to the battlefield where Horseshoe Roberson completely annihilated the Cherokee Indians. It is said that 50 of Roberson's men were killed and 175 Indians. As I walked across this historical spot, which stands today partly in a body of forest and partly in cultivation my blood waxed warm in my veins, my eyes became dim with tears for me thought I could hear the whisperings of the blood of my forefathers, as I cried out from old mother earth and the murmuring pines. After a few minutes my feelings became calm.

Then I smiled and even laughed, for I caught in my vision a glimpse of the fleeing red men across the distant meandering brook and hillside. I could hear a joint echo of their wild warwhoops as they fled, being terrorized by the muskets of the palefaces. I stood drinking it all in, and my life never seemed more beautiful before.

My companion touched me on the arm and said, "Come, let us journey to the wolf tree in Union county." So we commenced our journey and arrived there just as the great eye of heaven was sinking in the golden West. As we approached the tree I related the story to my companion. In 1690, Mr. Mosley, one of our pioneer fathers, was walking through this section, which was then an immense forest, he was deer hunting and as the story goes, seems to have killed a deer. On his way home there sprang out of the jungle a pack of wolves and he was forced to seek refuge in this oak for the night and half of the day. There it stands, mighty and majestic in form, sacred to the memory of Mr. Mosley and its inviting arms seem to verify the fact that it not only sheltered this man but that it has cooled the brow of many a weary traveller for hundreds of summers. The axes of many generations have cleared the mates of its forest to moulder in the dust but the people of today and the woodmen of tomorrow will spare it for its story, for in truth it stands like the Rock of Gibraltar unmoled.

Woodman, spare that tree;
Touch not a single bough.
It protected Moseley then,
And I'll protect it now.

While in Cherokee county we stopped at the hospitable home of Mr. D. B. Hughes, where we were served to a bountiful dinner. I met Miss Bernice Prince of Cross Keys, in Union county, and also Miss Nichols of Abbeville. These two young ladies are teaching in Cherokee county.

The Rural School association met at the Gault school last Friday evening with Mrs. H. L. Sprouse in the chair. Mrs. Sprouse was elected as chairman of the association. This association agreed to meet once a month. The public is invited. Through the trustees and by the help of this association we will soon place in this school house a piano.

Today the people in our community were awakened by the ringing of our new school bell. On last Thursday evening the teachers of the Gault school succeeded in organizing a literary society for its students. There was a unanimous vote to call it the Elizabeth Lucas society. There were 65 members enrolled and the following were elected officers: Mr. Fay White, president; Miss Annie Gault, vice president; Miss Marie Burgess, secretary; Mr. Walter Plexico, chap-

lain; Miss Beulah Gregory, censor, and Mr. Ray Sprouse treasurer. Their chosen motto was, "Work makes life sweet." Their colors were garnet and gold and the favorite flower the sweet pea. This society will meet every Friday evening with the three teachers as critics.

I was told by an eye witness of a runaway horse. This horse got scared at a freight train near Bonham station, where he ran away and the negro brakeman jumped off the train and caught the horse and then caught the train again while it was running. This sounds like a fairy tale, but it is true.

What has become of Mr. Neb? I want to read a letter from him again. Am glad to see that Mr. Hey Denver is giving us news again.

Mr. R. C. Lake and I visited the home of Mr. A. J. Gallman, where we took supper and were treated with kind hospitality by his family. Mr. Lake will visit the homes of all his pupils during the school term.

I met Mr. Russell Hardy at the Junction this morning. He has been visiting relatives in Spartanburg. Mr. James Harmon of Jonesville is at the Junction this morning on business. Moxy.

Follow Union people's example. Use Doan's Kidney Pills. Here's Union testimony.

Verify it, if you wish.
J. W. Nance, farmer, 130 W. Main St., Union, says: "A cold has generally been the means of bringing on an attack of kidney trouble. I had such bad pains in the small of my back that I could hardly stoop. Then the kidney secretions were scanty and burned like fire. I noticed sediment in them, too. Sometimes I had such dizzy spells I nearly fell. I have used Doan's Kidney Pills for these troubles and they have never failed to relieve me."

NOW HER FRIENDS
HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

NEW HOPE

New Hope, Dec. 6.—Our regular services were held at New Hope Sunday. Mr. Justus delivered an inspiring and forcible sermon, which was enjoyed by all. We were fortunate to get our preacher back with us again.

The Christmas holidays are drawing near and there is lots to bear in mind before that time.

Saturday night at the Bishop school a literary society was organized with a good many members. Our effort is to make it successful.

Mrs. Robert Sprouse and children of Sedalia are visiting parents, Mr. and Mrs. B. W. Whitlock.
